WHY ACM?
ACM offers academically strong and culturally immersive programs, which are grounded in the liberal arts and sciences, with several distinguishing features:

• Opportunities to pursue your individual interests through independent study projects, hands-on research, and internships

• Small program size, with close faculty mentoring and distinctive opportunities

• Place-based learning that encourages community and cultural engagement

• A long history of students from your college participating in ACM programs, with academic credits that transfer and ease in the use of Financial Aid

CAMPUS APPLICATION PROCEDURES

• Participation on an off-campus program requires approval by the Lawrence Subcommittee on Off-Campus Study.

• Students must apply using the Lawrence Off-Campus Study Proposal. Information about the application process can be found on the Off-Campus Programs website.

• By the Lawrence application deadline, students must submit completed materials for both the Lawrence proposal and the ACM program application. Lawrence application material is available on the Off-Campus Programs website or by contacting the Director of Off-Campus Programs in the International House.

• For more info, go to www.lawrence.edu/academics/programs/off-campus.
