WHY ACM?
ACM offers academically strong and culturally immersive programs, which are grounded in the liberal arts and sciences, with several distinguishing features:
• Opportunities to pursue your individual interests through independent study projects, hands-on research, and internships
• Small program size, with close faculty mentoring and distinctive opportunities
• Place-based learning that encourages community and cultural engagement
• A long history of students from your college participating in ACM programs, with academic credits that transfer and ease in the use of Financial Aid

CAMPUS APPLICATION PROCEDURES
• Fill out the application for the ACM program in which you are interested. The application can be found on the ACM website or with the campus faculty program advisor. Consult with the faculty program advisor or the Office of the Registrar to get more information about specific programs.
• Consult with your academic advisor about how study on an off-campus program fits into your academic plans.
• The Office of the Registrar can provide information about how credits and grades will count toward academic requirements and your degree. Consult with particular academic departments regarding how courses may count toward a major or a minor.

CAMPUS APPLICATION DEADLINES
No specific Ripon deadlines – simply follow the ACM application deadlines:
October 15, 2014 - Deadline for Spring 2015 international programs
October 31, 2014 - Deadline for Spring 2015 Chicago Program
March 15, 2015 - Deadline for all Summer/Fall 2015 programs and early application deadline for all Spring 2016 programs
